Descripción Entera:

Social Watch works to hold governments, the UN system and multi-lateral organizations accountable to their international human rights, poverty eradication and gender justice obligations at home and abroad. Social Watch - U.S. is hosting a briefing/strategy session on the role that Social Watch plays around the world and to identify emerging opportunities to advance work to address the economic and financial crisis in ways that advance human rights, social and economic justice and bridge the domestic and international contexts. Bring your experience, ideas and vision to help inform Social Watch's agenda for the coming months and years.
