

## HEALTH: The governments of the world agreed on...

*"(We) recognize the right of everyone to the enjoyment of the highest attainable standard of physical and mental health... The provision for the reduction of the stillbirth-rate and of infant mortality and for the healthy development of the child... The prevention, treatment and control of epidemic, endemic, occupational and other diseases..."*

International Covenant on Economic, Social and Cultural Rights, Article 12, 1966.

*"...take specific measures for closing the gender gaps in morbidity and mortality where girls are disadvantaged, while achieving internationally approved goals for the reduction of infant and child mortality."*

World Conference on Women - Beijing Platform for Action, Paragraph 106, 1995.

### HUMAN RIGHTS

The right to health and health services is enshrined in:

UDHR - Art. 25      CEDAW - Art. 11 & 14
