

WOMEN'S REPRODUCTIVE HEALTH: The governments of the world agreed on...

"...States Parties shall ensure to women appropriate services in connection with pregnancy, confinement and the post-natal period, granting free services where necessary, as well as adequate nutrition during pregnancy and lactation."

Convention on the Elimination of All Forms of Discrimination against Women, Article 12, 1979.

"Provide more accessible, available and affordable primary health-care services of high quality, including sexual and reproductive health care, which includes family planning information and services, and giving particular attention to maternal and emergency obstetric care..."

Conference on Women - Beijing Platform for Action, Paragraph 106, 1995.

HUMAN RIGHTS

The right to women's reproductive health is enshrined in:

UDHR - Art. 25 CEDAW - Art. 11, 12 & 14
